SUPPLEMENTAL REGISTRATION STATEMENT
INTERNATIONAL REGISTRIES, INC. #4533

III. ACTIVITIES

Pursuant to a legislatively endorsed joint venture with the Government of the Republic of the Marshall Islands (RMI), The Trust Company of the Marshall Islands, Inc. (TCMI) was appointed as the RMI Maritime Administrator and Non-resident Domestic Registrar of Corporations. The joint venture was filed with the Registration Statement of International Registries, Inc. (Reg. No. 4428) on October 9, 1990.

During this reporting period, TCMI conducted the following activities in the administration of the RMI Maritime Program:

- prepared certificates of registry, vessel radio licenses, and certificates of vessel ownership and encumbrance;
- recorded ship mortgages and related instruments;
- accepted and reviewed applications and documents for vessel registration;
- issued seafarer's identification books, certificates and licenses for masters, officers, and crew ratings serving on RMI-flagged vessels;
- Prepared and administered examinations for seafarer's licenses;
- maintained records relating to RMI-flagged vessels;
- investigated and reported vessel casualties as required by international conventions to which the RMI is a party;
- conducted marine inspections as required by international conventions to which the RMI is a party;
- communicated with shipowners, operators, and lawyers representing the owners of such vessels;
- appointed and utilized nautical inspectors in the United States and foreign ports to board and examine RMI-flagged vessels and, as authorized, to collect fees to cover costs of such inspections;
- collected fees for the purpose of defraying costs of marine investigations, participation dues to international organizations, and attendance at international maritime and labor meetings and conferences;
- enforced the Republic of the Marshall Islands Maritime Act and Regulations for all matters related to maritime affairs arising outside of the Republic of the Marshall Islands and its territorial waters; and
- distributed to owners, operators, and officers of RMI registered vessels, and to others upon request and payment, copies of and supplements to the RMI Maritime Act 1990 as amended (MI-107), RMI Maritime Regulations (MI-108), Requirements for Merchant Marine Personnel Certification (MI-118), Vessel Registration Requirements and Mortgage Recording Procedures (MI-100), Marine Investigation and Hearing Rules (MI-260), Safety Code of Practice for Large Yachts (MI-103A), Safety Code of Practice for Small Yachts (MI-103B), and other information concerning the registration and operation of vessels engaged in international voyages. These publications can be accessed via the web-site of the registrant at www.register-iri.com; and
- participated in international maritime and labor organizations and maritime control and safety agencies of other nations, including the United States.

In addition to the above maritime activities, during this reporting period, TCMI conducted the following activities in the administration of the RMI Corporate Program:

- formed non-resident domestic business entities (corporations, partnerships, limited partnerships, and limited liability companies) pursuant to the RMI Associations Law;
- issued certificates and other documents applicable to non-resident domestic business entities;
- communicated with qualified individuals seeking to form RMI non-resident domestic business entities; and
- collected fees for the formation, maintenance, and issuance of documentation and certificates.

In order to facilitate its administration of the maritime and corporate programs, TCMI has engaged International Registries, Inc. to provide administrative and marketing support services throughout the world. During this reporting period, International Registries, Inc. provided marketing and administrative services in the United States at the following locations:

- Reston, Virginia – 11495 Commerce Park Drive, Reston, VA 20191
- New York, New York – 437 Madison Ave, 32nd Floor, New York, New York 10022 and 140 Broadway, Suite 4430, New York, New York 10005

BUSINESS ENTITIES AND THE LAW

Regardless of the circumstances surrounding the creation of a business entity, the usual goal is to maximize profitability while minimizing the risk of exposing its beneficial owners to personal liability. For this reason, the corporate law of a jurisdiction takes on paramount importance. First enacted in 1990, the Republic of the Marshall Islands (RMI) Associations Law is one of the most modern sets of statutes in the world. The RMI Associations Law contains the Business Corporations Act (BCA), Revised Partnership Act, Limited Partnership (LP) Act, and Limited Liability Company (LLC) Act.

PUBLICLY TRADED ENTITIES

Numerous RMI entities have experienced much success trading publicly on exchanges worldwide, including those in New York and London. These publicly traded entities

demonstrate the level of success possible in an offshore jurisdiction and enhance the already outstanding reputation of the RMI Maritime and Corporate Registries. To ensure that an entity can obtain underwriters to price and market its stock offering, a practitioner must choose an offshore jurisdiction that passes the strict scrutiny of major investment banks and exchanges worldwide. Sound corporate legislation, the political stability of a jurisdiction, an easy and flexible formation policy, and substantial experience in administering corporate programs are the key criteria in this respect. The RMI Corporate Registry is recognized worldwide by law firms, company formation specialists and business professionals in major financial centers for its modern and flexible legislation, ease of formation and high level of customer service.

CORPORATE FORMATION

RMI corporations are governed by the BCA. Entity formation is simple; a company can be formed in one (1) business day. Corporate documentation must be submitted in English, but may be accompanied by a certified foreign language translation.

Corporate Name

Names may be in any language as long as Roman characters are used. Two alternative names should be provided in the event that the first selection is not available. Any standard, internationally accepted corporate suffix is permitted, such as Limited, Ltd., Corporation, Corp., S.A., A.G., Incorporated, and Inc. Name clearance may be achieved over the telephone, via fax or email to any International Registries, Inc. office. Names may be reserved at no cost for up to six (6) months in advance of formation.

Share Structure

Shares may be issued in registered and/or bearer form and may be of par or no par value. Par value shares may be denominated in any currency. A standard formation is 500 registered and/or bearer shares without par value, or up to 50,000 USD worth of par value stock. Authorized share capital above these amounts will incur a one time capitalization tax.

Organizational Activity

If instructed by the client at the time of incorporation, the incorporator can take the following organizational actions at no additional cost:

- Elect Directors
- Appoint Officers
- Adopt Bylaws
- Apostille Documents

Directors and Officers

The RMI BCA is modeled after the corporate laws of the US state of Delaware. Under the BCA, the board of directors and corporate officers may be individuals or business entities. RMI Corporations are required to have a minimum of one (1) director and a secretary.

There is no mandatory requirement to file the names of officers, directors, or shareholders

with the Registrar of Corporations or Registered Agent. However, this information may be filed or recorded voluntarily.

OTHER BUSINESS ENTITIES

Partnerships offer flexible management control allowing responsibilities, profits and losses to be freely allocated among the partners. Similarly, LPs consist of limited partners and at least one (1) general partner who exercises management control. The LP limits liability for the limited partners and allows for the flexible allocation of profits, losses, and other distributions. LLCs combine the best traits of an International Business Corporation and a partnership; members are protected from personal liability in excess of their capital investment and profits and losses may be freely allocated among the members.

ASSISTANCE

International Registries, Inc. and its affiliates (IRI), who trace their origins to 1948, provide administrative and technical support to the RMI Maritime and Corporate Registries.

As a corporate service company, IRI cannot give legal advice. IRI can, however, provide information and guidance on forming business entities; preparing amendments, dissolutions, and other filings; and questions regarding the RMI Associations Law.

IRI can assist clients in obtaining a formal legal opinion from an RMI attorney. Legal opinions might include transactions relating to:

- Real Estate Transfers
- Corporate Capacity
- Bank Accounts
- Guarantees, Pledges, and Other Financial Mechanisms

WHY THE RMI?

- The RMI Associations Law is modeled on the US state of Delaware corporate law
- Competitively priced and inexpensive to administer
- Simple maintenance: no annual filings
- All non-resident domestic RMI entities are statutorily exempt from RMI taxes
- Confidentiality of shareholders, members, limited partners, directors, managers, and officers; no disclosure of names required
- Neutral domicile for parties of different citizenship
- Staff of attorneys available to respond to inquiries regarding business entities
- Sample forms available online
- Standard documents available online
- Certificates of Good Standing and other corporate documents can be issued the same day
- Capital can be expressed in any currency
- Migration of domicile permitted both into and out of the jurisdiction
- Registered Agent in the RMI
- No notarization required by the RMI
- Political stability
- Facsimile filings permitted

ADVANTAGES

- Zero Tax Jurisdiction
- Free Redomiciliation
- Confidentiality
- Low Costs
- Same Day Formation
- Free Apostilles
- Dual Language Filings

UTILIZATION

- Asset Management
- Vessel Ownership
- Tax Optimization
- Joint Ventures
- Initial Public Offerings
- Real & Intellectual Property Holdings

ADVANTAGES INCLUDE

- International Registries, Inc. and its affiliates (IRI) provide administrative and technical support to the Republic of the Marshall Islands (RMI) Maritime and Corporate Registries. IRI has been administering Maritime and Corporate programs and been involved in flag State administration since 1948. The RMI Registry is the third largest registry in the world.
- One of the best port State performance records of the world's largest open registries. The RMI Registry is one of only six registries to be listed on the United States (US) Coast Guard Qualship 21 list, on the white lists of both the Paris and Tokyo Memorandums of Understanding (MoU), and on the Low Risk Ships list that is a part of the Paris MoU's New Inspection Regime.
- Decentralized operations provide customers with 24-hour worldwide service.
- Timely support and technical assistance are available to clients from a staff of qualified and experienced mariners, naval architects, engineers, surveyors, nautical inspectors, marine safety and environmental protection experts, shipping company administrators, radio specialists, and casualty investigators.
- The Maritime Services Group's Quality Management System is ISO 9001:2008 certified and audited by the International Maritime Organization (IMO).
- With an assigned permanent representative at the IMO, the RMI participates in all major committee and subcommittee meetings.
- The RMI Registry is on the IMO Standards of Training, Certification and Watchkeeping (STCW) "White List."
- Marine Safety Advisories, Ship Security Advisories, and Marine Notices are distributed to apprise owners and operators of changes to international shipping regulations and port State control activities to help avoid unnecessary delays and compliance problems.

- The RMI has adopted groundbreaking legislation that permits the registration of a vessel that is still subject to a recorded mortgage in its present country of registry. This legislation allows for the continuation of the preferred status of the mortgage without interruption; thus, the foreign mortgage lien accompanies the vessel into the RMI Registry.
- The RMI Associations Law is modeled on the US state of Delaware's corporate law.
- Business entity formation is simple and corporate documents can be issued the same day. There are no annual filings and zero taxes for all non-resident RMI entities.
- Maritime and corporate documents are competitively priced and can be issued from any IRI worldwide office.
- International legal and financial professionals recognize the RMI legal system, mortgage recordation procedures, and administrative controls.

Republic of the **MARSHALL ISLANDS**

The Republic of the Marshall Islands (RMI) is situated nearly midway between Hawaii and the Philippines, and is the easternmost island group in Micronesia. The country consists of two parallel chains of atolls and islands in the central Pacific Ocean, known as the Ratak (Sunrise) chain and Ralik (Sunset) chain. Together, the RMI is comprised of approximately 1,225 islands and islets, which spread across a sea area of over 1.9 million square kilometers.

British Naval Captain John William Marshall gave his name to the area in the 1700s. However, the islands have been under the control of various nations throughout the last few centuries. After World War II, the Marshall Islands became a part of the United Nations (UN) Trust Territory of the Pacific Islands under United States (US) administration.

The Government of the RMI was officially established in 1979 with the signing of the Constitution, which represents a blend of American and British models of government. The country gained independence in 1986 and became officially known as the Republic of the Marshall Islands after signing the Compact of Free Association with the US. The RMI maintains a politically stable, democratically elected parliamentary system of government, consisting of two legislative chambers which elect the President from among their members for a four-year term. In turn, the President appoints a Cabinet of 6-10 members and serves both as chief of State and head of Government. The RMI became a full member of the UN in 1991, and has since established diplomatic relations with most of the world's major maritime and industrial nations.

Unit 08/30/2012 4:17:35 PM

Committed to the Growth of the MARITIME INDUSTRY

Seagoing trade is responsible for the movement of over 90% of the world's commodities. As a ship moves from port-to-port, a flag State, through its ship registry, imparts its nationality to that ship. A ship's nationality ascribes what rights it enjoys, what obligations it may be subject to, and the law of the State that governs the ship.

It is important for a modern ship registry to harmonize commercial reality with an increasingly stringent international regulatory environment. In order for a registry to balance its rights and responsibilities while working in partnership with the shipping community, it must maintain an open dialogue with industry participants and maintain an active voice at venues such as the International Maritime Organization (IMO) and International Labour Organization (ILO).

Maritime Registry Background

The RMI Registry program was initiated by the RMI Government in 1988. With the adoption of the Maritime Act of 1990 (Maritime Act), the maritime laws of the RMI were brought in line with the many changes in ship registration, financing, and licensing which had occurred in the shipping industry. The Maritime Act is supplemented by Maritime Regulations, Marine Notices, and other policy guidelines issued by the RMI Maritime Administrator (the "Administrator") from time-to-time.

The RMI maintains a comprehensive legislative and regulatory framework, which ensures that the RMI Registry

fully complies with internationally agreed-upon standards of the IMO. In addition, the Marshall Islands Quality Council (MIQC), an independent, consultative body consisting of diverse industry experts, meets formally two times per year and provides advice and guidance to the RMI Registry on topical issues, including current issues being addressed at the IMO and ILO.

The RMI Registry continually strives to promote the quality of vessels registered in the RMI. Those vessels operating under the RMI flag achieve the highest ratings in the port State control (PSC) international rankings. The RMI is the only major open registry to be included on the white lists of both the Paris and Tokyo Memorandums of Understanding (MoUs) and to hold Qualship 21 status with the United States Coast Guard (USCG) for seven consecutive years. The RMI is also listed on the "Low Risk Ships" list within the Paris MoU's New Inspection Regime.

Courtesy of Oceanus Cruise

The RMI Registry is the third largest registry in the world. Vessel types include, but are not limited to: tank ships; LNG/gas carriers; bulk carriers; container ships; offshore drilling, production, or service units; passenger vessels; and yachts. The benefits of vessel registration under the RMI flag do not stop once the registration process is complete. Assistance is available on the procedural aspects of operating vessels during the entire time the vessel is registered under the flag.

VESSEL/YACHT REGISTRATION

Ownership

Ownership of commercial vessels and commercial and private yachts must be through an RMI corporation, limited or general partnership, limited liability company (LLC), or a qualified foreign maritime entity (FME).

General Documentation Required for Vessel/Yacht Registration

- Application for Official Number, Call Sign, and Registration of vessel/yacht
- Proof of authority of agent or officer executing registration documents (*e.g., Power of Attorney or Corporate Resolution*)
- Proof of Ownership, such as a Bill of Sale or Builder's Certificate
- Consent of Government from present registry to transfer vessel/yacht or Cancellation Certification
- Proof that the vessel/yacht is free of recorded liens and encumbrances*
- Proof of Liability Insurance, including owner's repatriation obligations*
- Confirmation of Class issued by a Classification Society*+×

Received by NSD/FARA Registration Unit 08/30/2012 4:17:35 PM

- ISM/ISPS Code Declaration of Company and Designated Person for self-propelled vessels*^x
 - Application for Minimum Safe Manning Certificate*
 - Within 90 days of registration, an Application for a National Radio Station License*
- * A foreign mortgagee may accompany a vessel into the RMI Registry through a recordation.*
- * Not applicable to private yachts.*
- + For commercial yachts under 500 GT, a Certification of Survey or Statement of Compliance issued by an authorized surveyor will satisfy this requirement.*
- x Applies to commercial vessels 500 GT and over.*

Commercial Vessel Registration

Seagoing vessels of any tonnage engaged in foreign trade are eligible for registration in the RMI. Vessels should be under 20 years of age at the time of registration; however, waivers may be granted for older vessels depending upon their condition and classification. Applications for vessels 15 years of age or older should be submitted with a Status Report of the vessel's Statutory Survey and Certification and a copy of its latest Intermediate or Special Survey Report. Offshore drilling, production, or service units, and other seagoing vessels also engaged in the service sector of the offshore energy industry, are eligible for registration in the RMI, subject to the same age, survey, and classification requirements. The diversity of vessels in this category may require the RMI Registry to request additional information.

The RMI Registry reviews and evaluates all ships and owners/operators before permitting the registration of a vessel. This approach ensures that the RMI Registry maintains its reputation and commitment to providing the highest quality ship registry services found anywhere in the world. Shipowners and operators in today's international marine transportation industry require an established and efficient administration that provides a registration process that is compatible with the operation of their vessels, is committed to the safety and security of its ships and crews as well as to the protection of the marine environment, and is capable and willing to act decisively and responsively when necessary.

Private Yacht Registration

A private yacht is considered to be any pleasure yacht not on charter or carrying passengers for hire, not engaged in trade or commerce, and being used solely for the pleasure or recreational purposes of its owner. Registration of private yachts is limited to those of 12 meters (m) or more in length overall. The RMI recommends the Commercial Yacht Code (MI-103) be used as a minimum basis to measure the safety, lifesaving and fire-fighting appliances, manning, and Mini ISM of a private yacht. A US Cruising Permit can be obtained for RMI private yachts. RMI private yachts, of 18m or more in length, can be chartered out for up to 84 days in a calendar year in accordance with local port regulations. An enhanced survey must take place prior to the permission to take charters. These yachts must also comply with the MI-103, as appropriate.

Commercial Yacht Registration

A commercial yacht is any yacht engaged in trade, commerce, or on charter, and not carrying more than 12 passengers. The registration of commercial yachts is limited to those of 24m or more in length overall. In addition to the requisite legal documents and government approvals, the RMI Registry places a high emphasis on the safe condition of the yacht at the time of registration. Unique to the RMI Registry is the requirement for an existing yacht to have a full "Suitability for Use" survey prior to registration. This is mandatory for commercial yachts less than 500 gross tons (GT). Survey of the yacht against the MI-103 is carried out by either an Appointed Representative or Classification Society. Other national and international requirements apply to those commercial yachts 500 GT and over.

INTERNATIONAL REPRESENTATION

The RMI Registry is committed to the support of maritime safety, security, environmental protection, and social responsibility.

IMO Representation

The RMI Registry maintains a currency of knowledge of the application and interpretation of the international conventions and activities within the IMO. With an assigned permanent representative to the IMO, the RMI participates in all of the major committee and subcommittee meetings, and is in the vanguard of registries providing the IMO with active support.

The RMI is a signatory to and enforces major conventions and their related codes, including:

- International Convention for the Safety of Life at Sea (SOLAS), 1974/78, as amended;
- International Load Line Convention (ILLC), 1966;

- International Convention for the Prevention of Pollution from Ships (MARPOL), 1973/78, as amended;
- International Convention on Standards for Training, Certification and Watchkeeping for Seafarers (STCW), 1978, as amended;
- Convention on the International Regulations for Preventing Collisions at Sea (COLREGS), 1972;
- International Convention on Tonnage Measurement of Ships (ITC), 1969;
- International Convention on Civil Liability for Oil Pollution Damage, Protocol, 1992;
- International Convention on Civil Liability for Bunker Oil Pollution Damage, 2001;
- International Convention on the Control of Harmful Anti-Fouling Systems on Ships, 2001; and
- International Convention for the Control and Management of Ships' Ballast Water and Sediments, 2004.

ILO Representation

The RMI ratified the Maritime Labour Convention, 2006 (MLC, 2006) on 25 September 2007. The MLC, 2006 will come into force 12 months after the date in which there have been registered ratifications by at least 30 Members with a total share in the world's gross tonnage of ships of 33 percent. As of the end of April 2012, 25 countries had ratified the MLC, 2006.

The RMI has established a period of voluntary compliance for the inspection and certification provisions of the MLC, 2006. This period of voluntary compliance began 1 January 2010 and will end when the MLC, 2006 comes into force, at

Received by NSD/FARA Registration Unit 08/30/2012 4:17:35 PM

which time compliance with all provisions of the MLC, 2006 will become mandatory.

RMI vessels are required, from initial registration until such time as they leave the RMI Registry, to comply with these international conventions and the applicable national laws that implement them. For a complete list of conventions to which the RMI is a signatory, please visit www.register-iri.com.

VESSEL MANNING

Manning Certificates

STCW and SOLAS require the issuance of a Minimum Safe Manning Certificate (MSMC). The MSMC must be issued to each vessel upon registration, setting forth the required minimum number of officers and crew, in specified grades and ratings, that have been prescribed for the safe navigation and operation of that vessel. Each vessel is considered individually (consistent with Marine Notice MN-7-038-2, Minimum Safe Manning Requirements for Vessels), bearing in mind the size, trade, type of vessel, and automation. Once the manning level is approved, an MSMC is issued. The

vessel's manning is verified for compliance with the MSMC during the vessel's annual safety inspection.

Officer Licensing and Certification

No person shall perform the duties of Master, Chief Officer, Officer in Charge of a Navigational Watch, Chief Engineer, Second Engineer, Officer in Charge of an Engineering Watch, or Electrotechnical Officer of any vessel registered under the provisions of the RMI Maritime Act, unless duly issued a Certificate of Competence/Endorsement (CoC/CoE) by the Administrator.

Issuance of RMI Officer Certificates is based on two methods: (1) by equivalency endorsement for individuals holding CoCs issued by one of the STCW 1995 "White List" countries recognized by the Administrator, or (2) by professional examination for applicants that have completed all necessary training and assessment requirements for the capacity desired.

Seafarer's Identification and Record Book (SIRB)

All persons serving aboard RMI flagged commercial vessels and commercial yachts are required to hold an RMI SIRB.

The SIRB is a seafarer's identity document issued for the purpose of providing the holder with identity papers for travel to or from an assigned vessel in accordance with ILO 185. It also provides the holder with a continuous record of his/her sea service and contains the Special Qualification Certificates (SQCs), which specify the particular category or rating in which the holder

Received by NSD/FARA Registration Unit 08/30/2012 4:17:35 PM

11

12

is qualified to serve and any special qualification required for service on that vessel.

In order to qualify for an SQC, a seafarer must provide proof of the required sea service, by attending and presenting a certificate of completion from an approved training course, or presenting an equivalent certificate issued by his/her national government.

Period of Validity

Each CoC/CoE and SIRB is valid for a period of up to five years. When an SIRB expires, the sea service pages remain valid. Consequently, a seafarer should retain possession of all expired books.

Submission of Application

CoC/CoE applications can be made by submitting form MI-105. SIRB and SQC applications can be made by submitting form MI-273. First time or non-renewal applications must be submitted along with a Letter of Commitment of Employment for service aboard an RMI vessel. Applications must be submitted in person to a receiving/filing agent who has been approved by the Administrator.

For complete details regarding the issuance of CoC/CoEs, SIRBs, and SQCs, refer to "Seafarer Certification Requirements" (MI-118), which is available from any IRI office or online at www.register-iri.com.

Receiving / Filing Agent Responsibilities

Over 500 filing agents throughout the world have been approved to receive and file applications. Operators or their appointed agents may apply directly to the Administrator for authorization to act as a filing agent.

NOTE: It is the overriding responsibility of the owner or operator of a private yacht to ensure that the private yacht is safely manned.

MARINE SAFETY, SECURITY & ENVIRONMENTAL PROTECTION

Classification and Statutory Survey and Certification

The RMI Registry has mandatory classification and statutory survey and certification requirements. Surveys are conducted by Classification Societies which are recognized by the Administrator as being in full compliance with IMO Assembly Resolution A.739(18) for appointment as Recognized Organizations (ROs) and Recognized Security Organizations (RSOs). These Classification Societies issue statutory certificates based on internationally accepted standards.

The Administrator has the responsibility to ensure vessel and company compliance with applicable domestic and international law. Compliance is accomplished through:

- Interaction with the ROs/RSOs;
- Active investigation of casualties, port/flag State detentions, security breaches, port/flag State security detentions, and security incidents, among others; and
- Review of corrective actions taken by companies in response to RO/RSO audits.

Vessel Inspection Program

Nautical Inspectors and RMI Registry personnel, located worldwide, conduct mandatory annual safety inspections (ASIs) on commercial vessels. The purpose of the ASI includes:

- Verifying that the vessel is being maintained in general compliance with international conventions and flag State rules and regulations;
- Providing direct information on the condition of the vessel;
- Providing direct information on the vessel's compliance with operational requirements and crew certification and training;
- Providing feedback to owners and operators that will help them avoid problems and unnecessary delays by port States; and
- Classification Society oversight.

The Administrator employs full-time inspectors to perform ASIs, conduct training and oversight of the contracted Nautical Inspectors, and to conduct special inspections.

TECHNICAL SUPPORT

Technical support is provided by a worldwide staff of qualified personnel with the primary responsibility of overseeing the implementation of the applicable national and international laws and regulations to vessels in the RMI Registry. Technical personnel evaluate requests for exemptions, equivalences, material/equipment dispensations, survey, and service extensions. Technical personnel also liaise with and maintain oversight of Classification Societies. Technical inquiries are processed and either an interim or final reply will be sent within 24 hours.

SHIP RADIO STATION LICENSE

Ship radio station licenses for RMI registered vessels are issued based upon SOLAS, the International Telecommunications Union Regulations, and RMI statutes. RMI vessels, which will incur charges for telecommunications services, are required to have a contract with a radio company that is responsible for the ship's communications accounts.

Temporary Radio License

When a commercial vessel is registered in the RMI, it is issued a Temporary Authority Ship Radio Station License, valid for 90 days. During this period, the ship's representative must submit an application listing information necessary to determine if the vessel is properly equipped to be licensed.

Full-Term Radio License

Full-term licenses for commercial vessels are issued for a period of four years, for both conventionally equipped and Global Maritime Distress Safety System equipped vessels. Private yachts receive a full-term license based upon their registration, which may consist of either a one-year or a three-year period.

Start Your Business with the **JURISDICTION OF CHOICE**

Thanks to its unparalleled customer service philosophy and excellent reputation as a leading Maritime Registry, the RMI is the jurisdiction of choice for professionals around the world. In particular, the RMI Corporate Registry is experiencing tremendous success as one of the leading jurisdictions for initial public offerings (IPOs) on major stock exchanges.

The popularity of the RMI Corporate Registry is a direct result of the RMI's ability to aggressively and efficiently address the leading issues facing the corporate industry. With the intertwinement of governments and international organizations in corporate issues, it has become increasingly difficult for an offshore jurisdiction to retain the elements that make a corporate registry successful. The RMI, however, has met these challenges while maintaining its fundamental elements.

The RMI is a zero tax jurisdiction that statutorily exempts non-resident domestic entities from taxation on income and assets. Entity formation is simple and documentation can be issued in one day. There are many unique advantages for the investor, vessel/yacht owner, or international business person forming business entities in the RMI. IRI offers a full range of services for forming a company, including both Registrar and Registered Agent services. Furthermore, Marshall Islands Management Company, located in the RMI, offers mail, fax forwarding, and conference rooms in Majuro equipped with fax, internet, and telephone services, for all RMI business entities.

CORPORATE REGISTRY

Corporate Registry *Business Entities and the Law*

Regardless of the circumstances surrounding the creation of a business entity, the usual goal is to maximize profitability while minimizing the risk of exposing beneficial owners to personal liability. For this reason, the corporate law of a jurisdiction takes on paramount importance. First enacted in 1990, the RMI Associations Law is one of the most modern sets of statutes in the world. The RMI Associations Law contains the Business Corporations Act, Revised Partnership Act, Limited Partnership Act, and Limited Liability Company Act.

Common Uses of Business Entities Include:

- Asset Management
- Vessel Ownership
- Tax Optimization
- Joint Ventures
- Initial Public Offerings
- Real & Intellectual Property Holdings

Publicly Traded Entities

Numerous RMI entities have experienced much success trading publicly on exchanges worldwide, including those in New York and London. These publicly traded entities enhance the already outstanding reputation of the RMI Maritime and Corporate Registries. The RMI Corporate Registry is recognized worldwide by law firms, company formation specialists, and business professionals in major financial centers for its modern and flexible legislation, ease of formation, and high level of customer service.

Legal Information

As a corporate services company, IRI cannot provide formal legal advice. However, it can provide information and guidance on forming business entities, amendment preparation, dissolutions and other filings, answers to questions regarding the RMI Associations Law, and review drafts of corporate documentation. IRI can also assist clients in obtaining a legal opinion from a licensed RMI attorney.

Republic of the Marshall Islands

History

British Naval Captain John William Marshall gave his name to the area now known as the Marshall Islands in the 1700s. However, the islands have been under the control of various nations throughout the last few centuries including Spain from the late 1400s to the late 1800s, Germany from 1885 to World War I and Japan from 1914 to World War II. After World War II, the Marshall Islands became a part of the United Nations Trust Territory of the Pacific Islands under United States (US) administration. In 1986, the US Congress approved the Compact of Free Association, which granted the Republic of the Marshall Islands its independence as a sovereign nation.

International Registries, Inc.

International Registries, Inc. and its affiliates (IRI) provide administrative and technical support to the Republic of the Marshall Islands maritime and corporate registries and have been administering maritime and corporate programs for more than 60 years. IRI, which is headquartered in Washington, DC/Reston, has a network of 25 offices located in major financial and maritime centers throughout the world.

Why fly the Marshall Islands flag?

The Marshall Islands Registry

Ship Registry

The Marshall Islands Ship Registry (Registry) program was initiated by the Marshall Islands Government in 1988. With the adoption of a new Maritime Act in 1990, the maritime laws of the Marshall Islands were brought in line with the many changes in ship registration, financing, and licensing which had occurred in the shipping industry.

Yacht Registry

In 2001, at the request of many owners and maritime attorneys, the Marshall Islands Government expanded the Registry to include commercial and private yachts.

The Registry is ranked as the third largest in the world. Yachts currently comprise 20% of the fleet in terms of the number of vessels.

The Marshall Islands Yacht Registry has gained increased recognition and acceptance throughout the yachting community as a result of its:

- Efficient and cost effective registration process
- Personalized service and support available from 25 worldwide offices
- Highest safety and operational standards as evidenced by outstanding port State records

The Marshall Islands Yacht Code

Marshall Islands Yacht Code (MI-103)

The MI-103 applies to all commercial yachts under 500 gross tons in the Registry. It also provides guidance to privately registered yachts in general and specifically to private yachts availing themselves of the 84 days per calendar year charter privilege.

Provisions have been made in the MI-103 for acceptance of MCA LY2-certified yachts for transfer to the Marshall Islands Yacht Registry.

Choice of Home Ports

Two yachts may share a common name as long as they are registered in different home ports. Yacht owners can choose the home port of either Bikini or Jaluit.

Flexibility

The MI-103 provides a commonsense and practical approach to evolving safety and technical issues

while being supported by a strong worldwide yacht technical group (yachttec@register-iri.com). The yacht technical group works with industry stakeholders on a case-by-case basis and is available 24 hours a day, seven days a week.

The Administrator has recognized that certain prescribed merchant ship safety standards are incompatible with the intended use, scope of operations or safety needs particular to yachts. Accordingly, the MI-103 has been developed to address this unique sector of the maritime industry.

The MI-103, in conjunction with the relevant international conventions, sets the required standard of safety and pollution prevention which are appropriate for the size of the yacht.

Behind you all the way.

REGULATED BY THE MARITIME COMMISSION, DODGE, WISCONSIN

Private Yachts

Overview

A private yacht is defined as a pleasure yacht not on charter or carrying passengers for hire, not engaged in trade or commerce, being used solely for the pleasure or recreational purposes of its beneficial owner.

The registration of private yachts is limited to those of 12 meters or more in length. The MI-103 may be used as a basis to measure the safety, lifesaving and fire-fighting equipment of a private yacht. The Marshall Islands Yacht Registry places a high emphasis on the safe condition of the yacht at the time of registration. In addition, a yacht is required to have a full "Suitability for Use" survey prior to registration.

The registration of private yachts taking advantage of the 84 days charter privilege is limited to those of 18 meters or more in length and must comply with the regulations of the MI-103 as appropriate.

Advantages

- A yacht registration can be completed in 24 hours.
- Yacht owners have the ability to register a private yacht under a one-year or three-year program.
- The registration procedures, documentation, preferred mortgage standards and administrative controls are recognized by leading international financial institutions.
- Private yachts are eligible to obtain a US Cruising Permit.
- Private yachts can be chartered out for 84 days per calendar year in accordance with local port regulations.
- Support and technical assistance are available worldwide, 24 hours a day, from our staff of qualified and experienced mariners (yachttec@register-iri.com).

A logical business decision.

Commercial Yachts

Overview

A commercial yacht is any yacht engaged in trade, commerce, or on charter, and not carrying more than 12 passengers. The registration of commercial yachts is limited to those of 24 meters or more in load line length.

Commercial yachts must either meet the requirements of the MI-103 (if under 500 gross tons) or the International Convention for the Safety of Life at Sea (SOLAS) (if 500 gross tons or greater). Commercial yachts below 500 gross tons are not required to be classed but must have a Commercial Yacht Document of Compliance issued by either a Classification Society or an Appointed Representative of the Marshall Islands.

Commercial yachts, 500 gross tons and above, must be classed by a Classification Society that is a member of the International Association of Classification Societies (IACS). All applicable statutory surveys and certificates must be conducted and issued by a Classification Society. Other national and international requirements apply to those commercial yachts 500 gross tons and over.

Advantages

- Yachts below 500 gross tons can be built against the MI-103.
- Surveys are carried out by either an appointed representative or Classification Society.
- Yachts below 500 gross tons do not require a Classification Society but it is strongly recommended.
- Provisions have been made for accepting an existing MCA LY2-certified yacht for transfer to the Marshall Islands flag; following a review by the yacht technical group.
- A Master of Yachts license, up to 350 gross tons, is offered.
- Support and technical assistance are available worldwide from a staff of qualified and experienced mariners (yachttec@register-iri.com).

Experience you can trust.

Yacht Ownership Structures

Business Entities

Ownership of private and commercial yachts must be through a Marshall Islands Corporation, Limited or General Partnership or Limited Liability Company.

Foreign Maritime Entity

An existing foreign entity may also be used to register the yacht by registering that company as a Foreign Maritime Entity in the Marshall Islands.

Redomiciliation

The Marshall Islands offers free redomiciliation for business entities wishing to change their corporate jurisdiction to the Marshall Islands. Not only is the

filing fee waived, but the first year's annual fee is also waived.

Zero Tax Jurisdiction

As one of the world's most modern offshore jurisdictions, Marshall Islands entities are statutorily exempt from taxes and have no annual filing requirements.

Same Day Formation

Marshall Islands business entities are formed and documents issued within one business day. Business entity formation requests must be made by a professional (e.g., an attorney, accountant or service company).

Mortgage

The Marshall Islands has adopted groundbreaking legislation that permits the registration of a yacht that is still subject to a recorded mortgage in its present country of registry. This legislation provides for the continuation of the preferred status of the mortgage without interruption; thus, the foreign mortgage

lien accompanies the yacht into the Marshall Islands Registry.

Legal and financial professionals worldwide recognize the Marshall Islands legal system and mortgage recordation procedures.
